

Pursuant to the provisions of article 226 of the Consolidated Text of the Securities Market Act, approved by the Legislative Royal Decree 4/2015, of 23 October, Grifols, S.A. ("**Grifols**") hereby informs about the following

INSIDE INFORMATION

Grifols, as a continuation of the Inside Information sent this morning, informs that today, at 11 am CET, there will be a virtual meeting with investors and analysts where the attached presentation will be commented.

The virtual meeting can be followed through the following links.

<https://streamstudio.world-television.com/1100-1766-30452/en>

In Barcelona, on 17 September 2021

Nuria Martín Barnés
Secretary to the Board of Directors

Grifols Biotest AG Investment

GRIFOLS

Disclaimer

This presentation and our discussions during this conference call does not constitute an offer or invitation to purchase or subscribe shares, in accordance with the provisions of the Spanish Securities Market Law (Royal Legislative Decree 4/2015, of 23 October, as amended and restated from time to time), Royal Decree 1310/2005, of November 4, and its implementing regulations. In addition, this document does not constitute an offer of purchase, sale or exchange, nor a request for an offer of purchase, sale or exchange of securities, nor a request for any vote or approval in any other jurisdiction.

FORWARD-LOOKING STATEMENTS

This presentation contains forward-looking information and statements about GRIFOLS based on current assumptions and forecast made by GRIFOLS management, including pro forma figures, estimates and their underlying assumptions, statements regarding plans, objectives and expectations with respect to capital expenditures, synergies, products and services, and statements regarding future performance. Forward-looking statements are statements that are not historical facts and are generally identified by the words “expected”, “potential”, “estimates” and similar expressions.

Although GRIFOLS believes that the expectations reflected in such forward-looking statements are reasonable, various known and unknown risks, uncertainties and other factors could lead to material differences between the actual future results, financial situation, development or performance of the Company and the estimates given here. These factors include those discussed in our public reports filed with the Comisión Nacional del Mercado de Valores and the Securities and Exchange Commission, which are accessible to the public. The Company assumes no liability whatsoever to update these forward-looking statements or conform them to future events or developments. Forward-looking statements are not guarantees of future performance. They have not been reviewed by the auditors of GRIFOLS.

NON-GAAP FINANCIAL MEASURES

This presentation refers to certain non-GAAP financial measures. The presentation of these financial measures is not intended to be considered in isolation, or as a substitute for, or superior to, the financial information prepared and presented in accordance with GAAP. Investors are cautioned that there are material limitations associated with the use of non-GAAP financial measures as an analytical tool. In addition, these measures may be different from non-GAAP financial measures used by other companies, limiting their usefulness for comparative purposes. We compensate for these limitations by providing specific information regarding GAAP amounts excluded from these non-GAAP financial measures.

Our Focus in Bioscience: Plasma as an Essential Asset

4 Divisions

Bioscience

Global pioneer in the production of essential plasma-derived therapies

Diagnostic

A leader in transfusion medicine, from donation to transfusion

Hospital

Advances in pharmacy specialty products for hospital use

Bio Supplies

Provider of biological products for non-therapeutic use

Successful Track Record to Support Growth

More Than Ever, Plasma Is the Core Pillar of Grifols

Grifols' response to limited plasma availability:

- ✓ **Organic and inorganic expansion** while **diversifying** plasma sourcing
- ✓ Planning to open **~20 centers/year** over the next 3-4 years
- ✓ Recent acquisitions and plasma supply agreements to strengthen existing network: **+50 centers** and **1.7ML/year capacity**
- ✓ Targeting **520 plasma centers** by 2026
- ✓ **Diversifying plasma sourcing** through U.S., Europe and Egypt
- ✓ Supporting countries to **reach self-sufficiency** (China, Canada and Egypt)
- ✓ **Improving plasma economics** and **increasing revenue per liter** bringing innovative plasma proteins to **drive revenue growth** and **margin expansion**

Bioscience

Plasma centers

Fractionation capacity (mL)

Plasma Economics and Revenue per Liter Boosted by Innovation and Commercial Efforts

Grifols' Current Plasma Economics

- Current portfolio focused on three key proteins: **IgG, Albumin** and **Alpha-1**
- Recent innovation efforts led to **three successful product launches**: Xembify®, Tavlesse® and Vistaseal™
- Leading commercial efforts **to increase Alpha-1 diagnosis** and **accelerate its growth** in the U.S. and Europe
- R&D efforts focused on **developing new indications for existing proteins** and **novel proteins**
- **Collaborations and licensing agreements** to enhance existing pipeline

For illustrative purposes

Biotest: A Transformational Investment

Unique opportunity to launch **two new plasma proteins** in the short-term, significantly **improving revenue per liter and margins**

Integrate and accelerate an **attractive pipeline of innovative plasma-derived therapies** with exceptional potential **growth** and **profit** from 2023 onwards

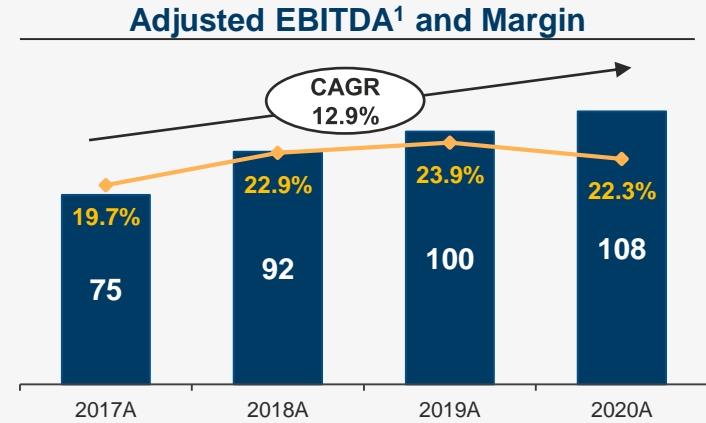

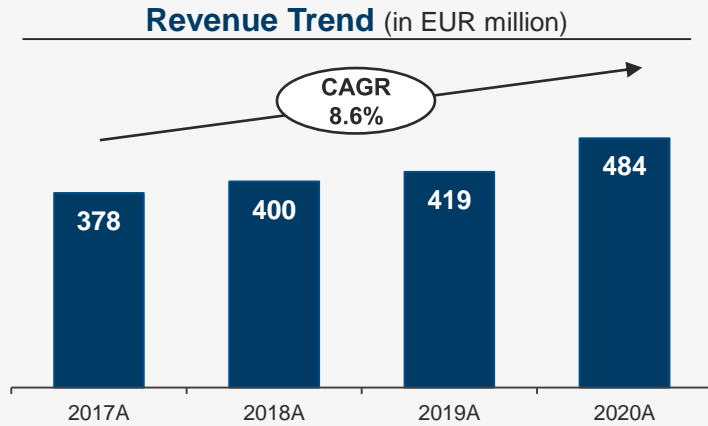

Significant revenue and **cost synergies** leading to a highly accretive investment with incremental **EBITDA of €300m+ in 2024** and **€600m+ in 2026**

A **more balanced global footprint** by expanding **operations** (+26 plasma centers) and **revenues** in **EMEA**, while **broadening Biotest products' footprint** in the **U.S.**

Biotest Delivers +16% Strong Revenue Growth in 2020 and a Solid Upward EBITDA Trend

Company Overview

- Founded in **1946**. Headquartered in **Dreieich, Germany**. 10 Affiliates
- **Manufacturing sites**
 - 1 production plant (up to ~1.5 m/L plasma)
 - 1 production plant in commissioning (Biotest Next Level Project, ~1.5 m/L plasma)
- **26 plasma centers** in Europe across Germany, Czech Republic and Hungary
- Direct **commercial presence** in **10 countries**. **Marketed** in **90+ countries**
- ~2,000 employees

+3 m/L plasma production capacity

Complementary Business to Boost Performance

GRIFOLS

- Founded in **1909** as a **family business**
- **Leading player** in global plasma-derivatives industry with a **solid track record** in **plasma sourcing**
- Proven ability to **grow businesses** both **organically** and through **M&A**
- **Plasma, manufacturing** and **commercial global footprint** with **large presence** in the **U.S.**
- **Strong mid- and long-term pipeline**

- Founded in **1946** as a **family business**, specialized on immunology and hematology
- Highly **experienced management**
- Strong presence in **Europe**
- Broad **plasma protein pipeline** to be launched in the **short-term**
- **Limited plasma** sourcing (non-U.S. plasma)

Estimated Combined Financials in 2024

Revenues
€7bn+

EBITDA
€2bn+

EBITDA Mg
>30%

Leverage
<3.5x

- **Shared values** and **culture** based on strong family footprint
- Improved **plasma economics** and **revenue per liter** by leveraging on **new, currently unused proteins** and Grifols' leading global plasma center network
- Notable increase in **revenues** and **profit margins** starting in 2023 as **new products** are **launched**
- Significant **revenue** and **cost synergies** in developing, producing and distributing plasma-derived therapies
- **Strengthened** product **pipeline development**
- Globally balanced **plasma sourcing** and **revenue** footprint
- **Leading industrial capacity** with **20m/L+** by **2021**

Biotest's Compelling Innovative Phase III Pipeline

Revenue and Cost Synergies Resulting in a Highly Accretive Investment

Incremental EBITDA of more than **€600m** in 2026

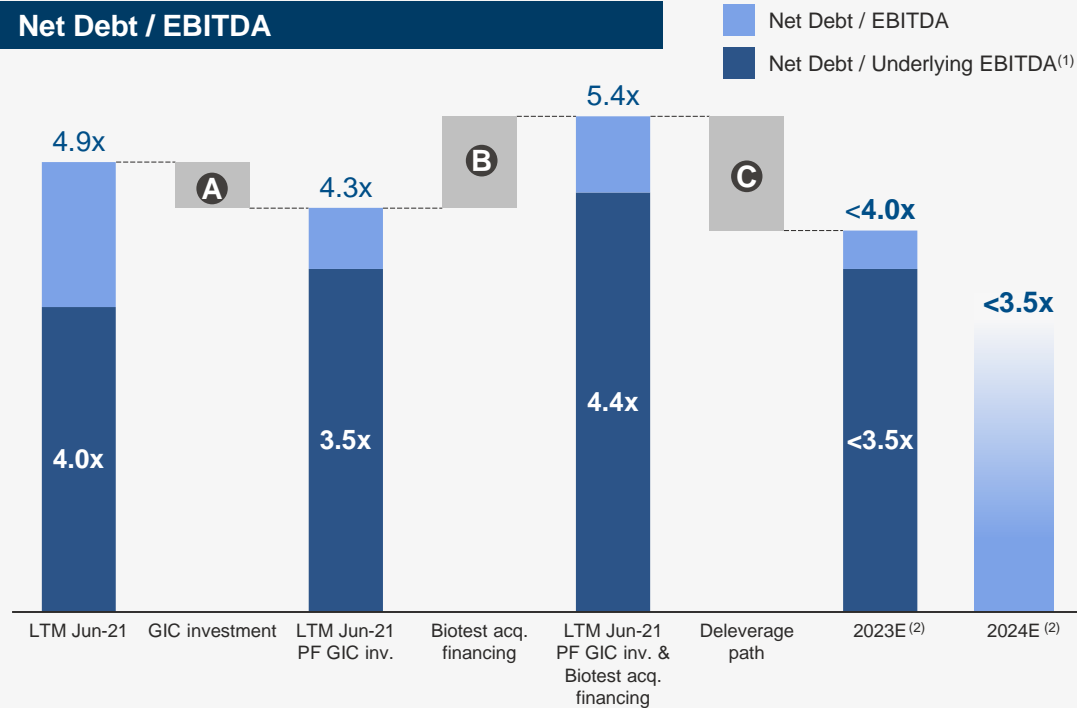

IgM	Novel plasma protein with large market potential (\$1-2bn) and no plasma competitors. High profit margins since it is derived from unused plasma fractions	OpEx synergies	€65m of cost savings starting from year 2 (2023)
			Additional €10m annual cost savings from 2026 onwards
Fibrinogen	First product with acquired indication focused on the U.S. market and strong potential in Europe (\$0.4-0.8bn). High profit margins since it is derived from unused plasma fractions	R&D costs savings	€200m+ in costs related to not further developing Grifols and Biotest's overlapped R&D projects – spread over ten years
		CAPEX	One-time CAPEX savings of €50 million by 2025 as Grifols will utilize some of Biotest's production capacity

Revenue and Cost Synergies Will Drive EBITDA to €2.8bn and Margin to 32%+ in 2026

Highly Committed to Achieving Rapid Deleveraging

Net Debt / EBITDA

- A** • Proceeds from GIC investment used to repay existing debt
- GIC investment materially strengthens Grifols' liquidity levels
- Expected closing in Q4 2021

- B** • €2 billion unsecured bridge financing commitment provided by BofA Securities
- Grifols plans to explore its financing options for unsecured debt

- C** • Grifols is highly confident about achieving this deleveraging profile using all its available tools, as necessary
- Grifols does not expect to pursue any meaningful M&A or cash dividends until leverage is below 4x
- Strong track record of deleveraging post acquisitions

Note: Leverage metrics presented on a pre-IFRS16 basis. IFRS16 impact on Grifols EBITDA assumed to remain at 2020A level of €63m throughout the forecast period. IFRS16 impact on Biotest EBITDA assumed to remain at LTM Jun-21 level of €5m throughout the forecast period. Grifols IFRS16 lease liabilities assumed to remain at Jun-21 level of €783m throughout the forecast period.

1) Covid adjustments of €169m for LTM Jun-21 and €145m for 2023E; run-rate adjustments of €140m for LTM Jun-21 relating to acquisitions of new plasma centers throughout FY20 and FY21 by Grifols.

2) Leverage metrics computed on EBITDA values combining Grifols and Biotest EBITDAs as well as estimated synergies.

Transaction Highlights

- The transaction values **Biotest's Equity** at **~€1.6 billion** and **Enterprise Value** at **~€2 billion**
- Grifols offers **c.€800 million** for the **c.90% of Biotest ordinary shares** and **c.1% of Biotest preferred shares, plus €310 million loan**
- The offer includes **c.23% premium** to the 30-day price (VWAP) for Biotest's ordinary shares
- Upon completion, Grifols will indirectly **own ~90% of total share capital by voting rights** and **~45% by economic rights**
- Grifols launches a **tender offer** for **Biotest's remaining ordinary and preferred shares** for cash

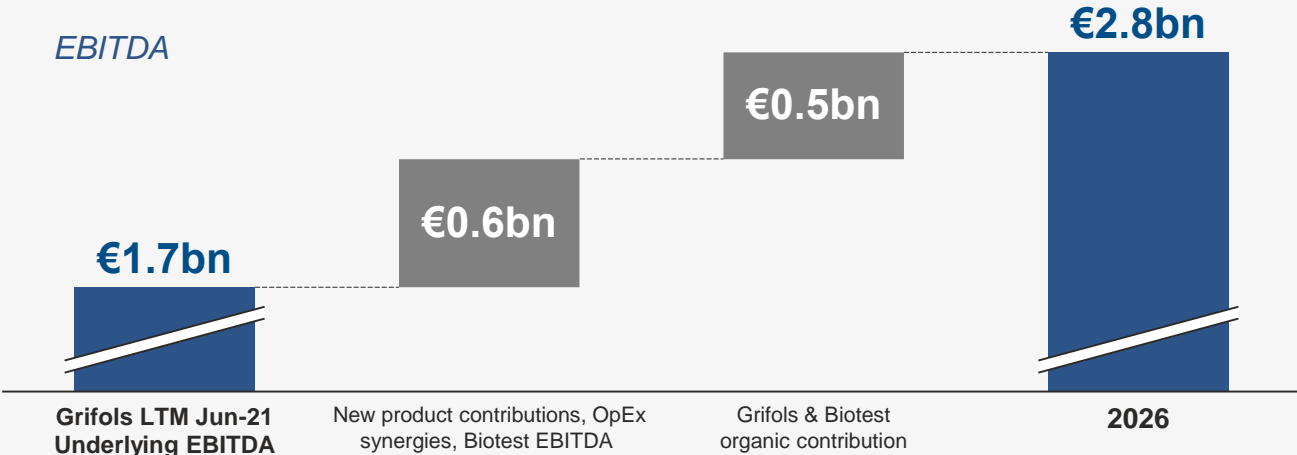

Grifols and Biotest Marking a New Milestone While Shaping the Plasma Industry

Significant value creation opportunity

**Incremental EBITDA of €300m in 2024
and €600m in 2026**

Estimated Combined Financials in 2024

€7bn+ Revenues	€2bn+ EBITDA
<3.5x Leverage	>30% EBITDA Mg

Advancing towards increasing global plasma-derived therapies availability, while introducing novel plasma therapies to meet new patients' needs around the world

“The right to live in society entails the duty to work to improve it”
